If at all possible, allow one hour to eat your meals; No candy, cookies, or tasting in between meals. BREATH FRESHNESS: mouth spray or sugarless gum.

If you are on medication of any type, **PLEASE** take your medicine at the appropriate time unless led by the Lord. If you must eat food with your medicine, let the Holy Ghost lead you.

The hour of Apostasy in the Church is truly upon us. Everyone professes to know God but deny the truth of His Word and the power thereof. One of the most dangerous positions for a child of God to be in is to **know the truth and turn your ear from it!** It is my heart's desire for us to not only know the truth but speak what the Word of God says and **NOTHING ELSE!** If we do that, we will all speak the same thing! May the Lord bless you and carry you through!
